Knowing Myself

Budding Values: Appreciation, Self esteem, Responsibility

Last night I went to bed without brushing my teeth. I fell asleep as soon as my head touched the pillow !

I heard the following conversation between a healthy tooth and a decayed tooth in my dream.

Healthy Tooth : Why are you crying ?

Decayed Tooth : I am having a lot of pain!

Healthy Tooth : Why ?

Decayed Tooth : Ajay eats too many sweets. He takes too many fizzy drinks. He does not brush us properly in the morning. He forgets to clean us at night. We are decaying.

Healthy Tooth : Why are you looking yellow ?

Decayed Tooth : Because the germs have attacked us. They have made us weak. We cannot cut or chew the food properly.

Healthy Tooth : Now, what will Ajay do ?

Decayed Tooth : He will have to visit a dentist. He has to take proper care of us otherwise all of us will decay and fall. If the food that Ajay eats is not chewed properly, it will not be digested and Ajay will fall ill too.
