Assessment Work

Chapter-3 (Animals and their Eating Habits)

Domestic Animals

Animals that service us are called **domestic animals**. Cow camel and horse are some domestic animals. They serve us well if we take proper care of them. They must be served food and water in separate and clean vessels. Their shelters should be cleaned every day.

Cow

Camel

Horse

Dog

Hen

Some pet and domestic animals

All animals need protection and care. Sick animals should be taken to the **veterinary doctor**. We must always be kind to them and take proper care of them.

Answer the following questions.

1. What are domestic animals? Name some domestic animals.
2. How do these animals must be served?
3. All animals need _____ and _____.
4. Name the doctor who treat sick animals.
5. Their shelters should not be cleaned every day. (True/False)

H.W. – Try to find the answer of the questions and write in your notebook.

Class: 3rd Subject- S.St.

Read and learn underlined hard words.

WHY DO WE NEED AIR ? प्रत्येक जगह
Air is everywhere. चारों ओर
It surrounds us all.
Air is a mixture of various gases. मिश्रण
These are nitrogen, ऑक्सीजन
oxygen, carbon dioxide and other कार्बन
gases. Water - जल
vapour and dust धूल
particles are also
found in the air. कण

We all need air to breathe. Human beings and animals breathe in oxygen and breathe out carbon dioxide. Plants also breathe in oxygen and breathe out carbon dioxide. Breathing in fresh and clean air keeps us healthy. Therefore we should breathe in clean and fresh air. स्वस्थ
